WORKERS DISCUSS DRIVE IN DISTRICT

Red Cross Officials of Nine Counties
Meet Here Today to Plan War
Fund Campaign

LUNCHEON SERVED AT NOON

Counties Learn Allotments Are Larger
Than Before—Three State
Workers on Program

The first steps in the preparations for the Red Cross war fund drive in this district were made this afternoon at a meeting of state and district Red Cross officials which was held in the First Presbyterian church at the close of a luncheon served in the Knights of Pythias hall. The drive will begin Monday May 20 and continue a week.

The feature of the afternoon's program was the address delivered by C. F. Coffin, state director for the approaching drive, who explained the purpose of the campaign and the vital necessity of Indiana reaching her quota which has been set at \$2,300,000.

E. B. Thomas of this city, chairman of Red Cross in this district, presided at the meeting which was also addressed by A. F. Bentley of Indianapolis, chairman of Red Cross work in Indiana; Eugene Buleit of Indianapolis, assistant superintendent of Red Cross Relief, and Mrs. Hugh McGibeny of Indianapolis, superintendent of the work shops in Indiana.

The nine counties in the district were represented by members of their executive committees. The assemblage of war relief workers came from Shelby, Rush, Decatur, Franklin, Fayette, Union, Wayne, Henry and Hancock counties.

Rush county's quota for the May drive has been placed at \$16,000 which is \$5,500 in advance of its quota in the last campaign and marks the fifty-four percent increase which will be added to the quota of each county in the state in order to make up the shortage of the December campaign.

Several sections, at that time, assumed a larger obligation than they were able to handle and when the campaign closed there was a noticeable shortage due to the inability of various counties to raise their allotments. Each county in the district in receiving their quotas this afternoon, found that the amount which they must raise during the campaign, has been raised considerably because of the last shortage.

County activities were discussed separately and in many places where there is difficulty in completing the Red Cross organization, the conditions were discussed by district and state leaders and plans adopted whereby the lagging counties might be organized to make a successful drive.

The drive through the district will be conducted along the same lines used in former campaigns, with both the men's and women's forces uniting to make a success in any manner the executive committees might deem proper. The women's organizations which have been completed in all of the counties, were represented at the conference and are entering eagerly into the campaign, expecting to make the women's part one of real value.

Peace Be With Him

The Hague, May 1—Gabriel Princip, assassin of Austrian Arch Duke Francis Ferdinand, at Sarajevo one of the causes of the war—died Tuesday of tuberculosis at a fortress near Prague, it was learned here today.

A slight change has been made in the funeral arrangements for Mrs. Mary Hackleman. The funeral services will be held at the St. Paul's Methodist church at two o'clock tomorrow afternoon instead of at the residence.

DR. C. L. SMULLEN RECOVERS

Raleigh Physician Slightly Injured
in Automobile Accident

Dr. C. L. Smullen of Raleigh has entirely recovered from injuries sustained a few days ago when the automobile he was driving skidded into the ditch and turned turtle.

The accident occurred north of Palomoth on a narrow stretch of road. The physician was alone in the car and when the wheels struck an obstruction in the road it skidded into the ditch, turning completely over. Although Dr. Smullen sustained no serious injuries, he suffered several small cuts and bruises.

GERMANS UNABLE TO PRESS ONWARD

Staggered by Blow Before Ypres
Sunday, Gen. Von Armin Spars
For Some More Time

ENEMY DIVISIONS SHIFTED

Save For Shelling of Back Areas
From Ypres to Hazebrouck, Last
24 Hours Have Been Calm

(By United Press.)

London, May 1.—"The enemy's effort to break down the resistance of the British army will fail if all continue to show the determined courage characterizing the 19th division," Field Marshal Haig declared today in a general order congratulating the second army. Five other divisions were congratulated.

London, May 1.—"A local enemy attack on one of our out posts in the neighborhood 3 miles northeast of Ypres yesterday was repulsed by machine guns," Field Marshal Haig reported today.

"Enemy posts were raided last night and prisoners taken.

"The French improved their position around Loere, last night by a successful minor enterprise."

With the British Army in Flanders, May 1.—Staggered by the allied blow before Ypres Sunday, General Von Armin sparred for some time yesterday and last night, utterly unable to push on.

Save for considerable shelling of the back areas from Ypres westward toward Hazebrouck, and except small raids at outposts, the last 24 hours have been calm.

The Germans doubtless will try to stir a nest of hills southwest of Ypres but such a jolt will compel a shift of the enemy division.

This shift will require hours and perhaps days of separation depending on the severity of the maping they received Sunday.

American Artillery in Action

With the American Army on the French Front, May 1.—The Germans brought up additional artillery following the arrival of American forces in the line here. Fierce duels are in progress. One village has been entirely wiped out.

In the past 48 hours the American guns have raked the roads of the villages in the rear of the German lines, and have barraged their front lines.

The boche poured in high explosive shells. The duels continued through the night.

The boche poured in high explosive shells. The duels continued today. The American-French front sector is steady.

Unless there are new German attacks, trenches will soon be improved and dugouts constructed ready for real trench warfare.

There are no infantry actions here. The Americans are digging in and erecting wire entanglements in the sea of mud where there are no shelters. The men in the front line are lying waste deep in the mire and shell holes. Hot food is carried to them under shell fire.

COUNTY IS FAR BEHIND ITS QUOTA

Current Report on Sales of War
Savings Stamps Reveals Per
Capita is Lower Here

\$2.36 AS COMPARED TO \$2.60

County Should Subscribe \$32,248.33
a Month, But Only \$45,343 is
Invested up to April 20

The reports from the counties in the state on the sale of War Savings stamps up to and including April 20, which is included in the current number of The W. S. S. Bulletin, shows that Rush county people have invested \$5,357.75 in Thrift stamps and War Savings certificates since April 1, when the last official report was issued.

It also adds further testimony to the fact that Rush county is still lagging behind in the W. S. S. campaign and is not living up to its record for supporting war measures. Whereas in the report as of April 1 the per capita sales of War Savings stamps in Rush county was \$2.60 it is only \$2.36 in the current report.

Rush county is a little less than \$83,000 behind her quota. In order to reach her allotment of War Savings stamps for the year, the county must buy \$386,980 worth of stamps, but up to April 20 only \$45,343 had been invested in this form of government securities here. The monthly quota is \$32,248.33.

What the sales for the month of April have been in Rush county will not be known for a few days until Postmaster G. P. Hunt compiles his report, but it is expected that the month will show a big increase over previous months. It will have to show a much bigger increase however, before the country strikes its stride and begins to catch up with its quota, much less makes up for all that it has fallen behind in the first four months.

Twenty thousand dollars worth of War Savings stamps will have to be sold in Rush county the week of May 27 if the county makes the goal which has been set for that week. The state campaign managers have set as the objective for that week \$3,000,000 in stamps, or \$1 for every

Continued on Page 7

WILL APPROPRIATE FUND FOR AN AGENT

County Council Is Called for Purpose
of Conforming with Law
Since \$500 Is Raised

WILL MEET HERE TOMORROW

The action of the county council which will meet tomorrow afternoon, will insure a county agent for Rush county. The meeting has been called to appropriate \$1,500 to pay the expense of an agent.

Following the recent campaign when \$500 was raised among the farmers of Rush county for the purpose of purchasing office supplies for a prospective agent, a farm agent for the county became assured. After the meeting tomorrow there will be only a few other details to be disposed of before a farm advisor takes up his residence here. Although the agent has not definitely been decided on, Marion Detrick, county emergency agent, has been suggested for the position and as his work among the farmers thus far has been successful, it is probable that the place will be offered to him. The agent will be selected by the county board of education.

Among other matters aside from the usual routine of business, the council will appropriate money for the use of the county council of defense.

EXPECT TO RAISE \$3,000 NEXT WEEK

Knights of Columbus Organize For
War Fund Drive of \$3,000,000
Which is to be Subscribed

DRIVE BEGINS NEXT SUNDAY

Campaign Receives Approval of
County War Relief Organization
—War Work For All Soldiers

The Knights of Columbus are organizing their forces in this city to co-operate in the big drive for funds to carry on the war work at the various army cantonments in this country and in France.

Thomas Cawley, Grand Knight of the Rushville council, is at the head of the drive in Rush county which will begin Sunday, May 5, and continue during the week. Rush county's allotment for the present \$3,000,000 fund to be subscribed next week, has been placed at \$3,000 and will be raised by public subscription. The subscription received the approval of the county war relief organization at a meeting called last week.

The general headquarters for the Indiana drive are at the Claypool hotel and the committee in charge is made up of Madison Walsh, chairman, Indianapolis; Charles M. Niezer, vice-chairman, Ft. Wayne; T. J. Connelley, secretary, Lafayette, and William J. Mooney, treasurer, Indianapolis.

The local organization has been engaged in some phase of the war work since the first of its members joined the colors and at the present time when the service flag in the Knights of Columbus club rooms contains almost a score of stars, representing members in local cantonments and in France, there is added reason why they should take up the campaign with enthusiasm and not only subscribe their allotment but reach a large oversubscription before the close of the drive.

The war work of the organization has grown amazingly and is being expanded as rapidly as funds from the public have been forthcoming. The entire drive which is for \$16,000,000 is asked to meet expenses of present activities and those contemplated until July 1, 1919.

MEETS TO ELECT AN ATTENDANCE OFFICER

County Board of Education Expected
to Re-elect James G. Miller
This Afternoon

MAKES ENUMERATION REPORT

The county board of education met this afternoon in the office of the county superintendent in the court house to elect county attendance officer for the year and to report school enumerations.

It was expected that James G. Miller, the present agent, would be re-elected for another year. There are no other candidates for the office so far as is known.

The board, which is composed of the township trustees, ordinarily meets the first Monday in the month, but the May meeting was changed to the first day of the month as the trustees are expected to report the results of the school enumerations at that time. Not all of them have been completed, it is reported.

The board also expected to make a formal request of the county council to meet and make an appropriation for a county agricultural agent, as required by law, but the council has anticipated the request and will be in session tomorrow,

COLLECTIONS FALLING OFF

Taxes Today Expected to Offset
Yesterday's Loss, However

Tax collections fell off yesterday, amounting to only 9,602.12, but it was expected today would offset yesterday's loss because this morning the Big Four taxes, amounting to \$4,316.03, and a list sent in by the Manila bank amounting to approximately \$6,000, were paid. The C. I. & W., the largest taxpayer in the county, has not yet paid the spring installment, which will boost the total \$6,282.03. More than \$73,000 remains to be paid on this installment.

Executive Committee

President Calls on Million
Americans to Match \$50 Bond

(By United Press.)

Washington, May 1.—President Wilson today called upon 1,000,000 Americans to match him a \$50 liberty bond, \$5 down and \$5 a month, in inaugurating a "buy-another-bond" campaign starting today. The president after purchasing all he could bought another \$50 bond on the installment plan providing a million people in the country would go with him on the proposition.

With a half a billion dollars yet to go the president believes that at least \$50,000,000 can be raised by the co-operation of a million Americans.

That slacker dollars will have to display unusual sprinting ability in these last few days of the campaign was evident today when a rapid retracing of already canvassed territory was begun.

"Make every available dollar a liberty dollar"—the slogan adopted for the eleventh hour of the campaign is the keynote to the situation existing among the bond workers through the county today, who are determined to put Rush county over its fifty-per cent excess quota excess quota before the campaign closes Saturday night.

With Rush county's subscription reaching one hundred and forty-four per cent of its quota and three days left to subscribe the additional per cent, the county workers are confident. Although the reports coming into the headquarters today indicate no great advance in the loan quota, it is most probable that banks and canvassers throughout the county are withholding their additional bond sales until the last day when the grand finale in Rush county is expected to be an overwhelming success.

"Please accept our congratulations as your work has been splendid," wired Will H. Wade, vice-director of sales for Indiana to the executive committee of Rush county. "That you have already passed the 144 per cent mark, gives evidence of the splendid spirit in your county and we are confident that you will reach the 150 per cent requested by Secretary McAdoo."

Other forces which are giving additional aid to the campaign are the woman's committee and the Boy Scouts who are aiding in the final days of the drive with material assistance. With their recognized persistence, Rush county women are still hammering away with excellent

FIVE MEN LEAVING FOR FORT THOMAS

Increment Was to Depart This Afternoon
at 3:55 Over C. I. & W.
to Begin Military Duty

ONE MAN FAILS TO APPEAR

Three Selectives Will be Sent to Fort
Harrison Monday—Couldn't be
Selected Today

Another increment of Rush county selectives was to be sent away with light hearts this afternoon at 3:55 over the C. I. & W. railroad for Fort Thomas, Kentucky. Preparations were being made this afternoon for a large crowd of people to go to the station to wish the men well on their journey to get the kaiser.

The county army selection board today received word from the state conscription agent that the next movement of troops would be to Ft. Benjamin Harrison next Monday. Rush county's quota, as previously announced, is three registrants, and they will leave over the C. I. & W. at 10:51 in the morning.

The board today had not selected the men to fill the quota and did not expect to until it was determined who would go to Fort Thomas this afternoon. The call says they must be men physically qualified for general military service and that registrants engaged in farming should not be called.

The selection for the Fort Harrison call could not be made at once because David Chappell, formerly of Milroy, did not report this morning to answer the Fort Thomas call. He has been working near Jeffersonville but was living near Milroy when he registered. The board notified him several days ago by letter to hold himself in readiness to be called May 1 or soon after, and he replied that he would. Later a card was sent to him instructing him to report here this morning, but he did not show up.

The board was hoping that he would put in an appearance this afternoon in time for the train. In case he did not, the board was prepared to send Charles M. Remington, of West Fifth street, who was the alternate because his order number comes next after the last man called for the Fort Thomas movement. In case Chappell should show up, Remington would be the first man called for the Fort Harrison quota.

Walter Schockley, William H. Schmall, Frank J. Hagerty and Elsa I. Beeler, all of this city, the other four men called for today, reported this morning ready to go and were instructed to return to the clerk's office this afternoon at 3:10 o'clock.

They will reach Cincinnati at 6:28 o'clock and the instructions are that they shall be marched to the corner of Fifth and Walnut streets where they will meet other selected men bound for Fort Thomas. They will be met there by a detail from the fort and taken to their destination on street cars.

GOODS WORTH \$1,000 STOLEN AT SPICELAND

The Alton Evans dry goods store of Spiceland was robbed of a thousand dollars worth of dress goods and other wearing apparel last night. Great quantities of summer dress goods including silks, Georgette crepes, and numerous boxes of silk hose were included in the list of stolen goods. Several pieces of woolen goods were also taken. Although no trace of the thieves were found today they are believed to have visited the store about two o'clock and carried their plunder away in automobiles as machines were heard in that vicinity early today. The front door was left open

BEDFAST FOR
FIVE MONTHS

Beaverdam, O. Woman Suffered Terrible Agony for More Than a Year Now She is Healthy and Happy.

The sympathy of the whole world goes out to the poor unfortunate afflicted with rheumatism. No one truly knows the terrible pain and agony of shooting, twisting pains and swollen, throbbing limbs and joints Mrs. Albert Davis, of Beaverdam, O., suffered perhaps as severely as any person could and yet live to tell the tale. For more than a year she heroically suffered, and for five months her condition was so terrible she could not get out of bed. Imagine the happy day she took her first dose of Hull's Superlative—the wonder-medicine! Better still, read her own story. "I can truthfully say that I take great pleasure in recommending Hull's Superlative for rheumatism. I was afflicted with the disease for more than a year and was bedfast for more than five months. I received help from the first bottle and am enjoying good health at the present time. Also, many of my friends have tried this medicine and received help."

For twenty years Hull's Superlative has been relieving the sick and suffering—bringing health and good cheer to thousands of the sick and afflicted. What Hull's Superlative has done for Mrs. Davis and hundreds of others who were similarly afflicted it should do for you.

Hull's Superlative is sold by all druggists on a positive money-back guarantee, and any man or woman who is sick or ailing—no matter what the condition or how serious—should lose no time in taking this preparation, for if it does not help you your money will be returned.

For sale by all druggists. (Adv.)

VALUE OF COMMERCIAL
FERTILIZER IS SHOWN

Marion Detrick Speaks at Meeting of Farmers Club at Mays Opera House Tuesday Night

ROUND TABLE DISCUSSION

Commercial fertilizer as a most valuable asset to farmers especially in handling this years crop was explained to the members of the Farmers club at the meeting which was held last night in the Mays opera house.

The meeting was the largest ever held since the club's organization and because of the nearness of corn planting time, Marion Detrick who delivered the address of the evening, was kept busy explaining various puzzling questions concerning the planting of the 1918 crops. The fact that Rush county farmers have entered into the requests of the food administration and will make every acre produce to the limit, was evident at last night's meeting, when the round table discussion which was held at the close of the address showed that every farmer, at least in the northern part of the county, is making preparations for an unusually busy season.

The women's department of the club held an exchange in connection with the meeting and sold quantities of butter, eggs, cakes, pies and breads, the proceeds of which will be used to buy yarn to knit articles for the Center township boys, who are in training.

A program of musical numbers and recitations which was given at the opening of the meeting, was enjoyed by almost two hundred and fifty guests.

Saranel Logan, a prominent farmer of Noble township, is reported to be seriously ill, with little hopes being held out for his recovery.

VOTE FOR
CHARLES OWEN
OF ORANGE TOWNSHIP

Republican Candidate for County Commissioner
Southern District

PRIMARY MAY 7th
HIS NUMBER ON THE BALLOT WILL BE 18.

He was candidate for nomination for commissioner in 1916 primary and received a majority of 54 votes in the county over his opponent, Harry (Hal) Gosnell and was defeated by 35 votes by his other opponent, John E. Harrison, who is a candidate for his third term.

HIS BUSINESS QUALIFICATIONS—He served as Trustee of Orange Township from 1908 to 1914. At that time he was the first Republican Trustee elected in previous twenty years. He has served as administrator for many estates for friends and neighbors; also was Secretary and Treasurer of the Moscow Gas Co. for a number of years, as well as Secretary and Treasurer of the building committee of the Moscow Christian Church. He is the Bankers' Chairman of the Liberty Loan of Orange Township, and has raised more money for the Red Cross and Y. M. C. A. than any three men in Orange Township.

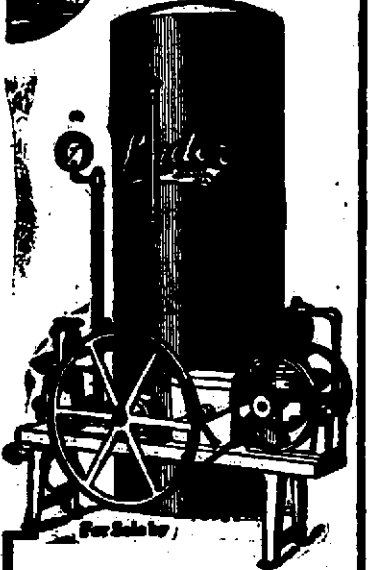

REFERENCES—Any Bank, Banker, Business Men, Citizen or his records as trustee of Orange Township.

"Everybody Welcome"

is the sign emblazoned on more than 100 buildings in American training camps, embarkation ports, and on the Western front. The buildings vary in size from great Auditoriums in the National Army Cantonments to the tiny huts just back of the front line trenches.

"Everybody Welcome"

means just what it says. The doors of these buildings are open day and night to the man in uniform be he Protestant, Catholic or Hebrew; be he white or colored. The uniform of his country is his ticket of admission.

"Everybody Welcome"

is the slogan which was adopted by the Knights of Columbus when they were asked by our Government to take up a share of the welfare work in the training camps and in the war zone of Europe.

The Knights of Columbus

now direct the welfare activities in 103 recreational buildings and are supporting the active secretaries at many of the important training camps. As the number of men enlisted continues to increase, the number of buildings and trained secretaries must be increased; only the great American people with its money can provide for these needs.

During the week May 5th to 12th, 1918, the Indiana Knights of Columbus are asked to raise \$250,000 to help "make the world safe for Democracy."

As there is no distinction of creed or color in the distribution of this fund so we wish to make "EVERYBODY WELCOME" in the contribution.

Rushville Council No. 769 Knights of Columbus

MAY 5th to 12th, 1918

WHO WILL WIN THIS BATTLE?

Your kidneys are the filters of the body. If they become inactive and fail to eliminate the waste matter, they are apt to throw the whole mechanism of the body out of order, thus toxic poisons can accumulate in the system and be as deadly as snake venom.

Besides causing the minor ailments of rheumatism, sciatica, lumbago and backache, neglect of the kidneys is apt to develop into more serious diseases, such as diabetes or stone in the bladder.

Rid the body of toxic poisons—clean the bladder and kidneys and cure the twinges of rheumatism with Anuric and you win the battle of life.

Anuric was first discovered by Dr. Pierce, and has benefited thousands of sufferers as well as appeased and eliminated the ravages of the more serious kidney diseases. Now procurable for 60 cents at any good drug store, or send Dr. V. M. Pierce, Buffalo, N. Y. 10 cents for trial package.

FORT WAYNE, IND.—"I have been made most comfortable by the use of Anuric. When I started to take this medicine my right kidney pained me at each excretion and my back ached all the time and was so stiff I could scarcely get up after lying down. The first bottle I took of Anuric completely cured me of these conditions, and the rheumatism in my shoulders, hands and feet is diminishing so rapidly I can scarcely believe that Anuric has done so much for me in so short a time. I feel extremely grateful for this relief and am only too glad to recommend Anuric every chance I get."—Mrs. S. J. Rouzars, 917 Cottage Ave.

SUIT NEW BUT HOLE IN SHOE

Bad Teeth Like Bad Shoes
Spoil Fine Dress and Good Looks

PEOPLE NEGLIGENT IN CARE OF MOUTH

Senreco Tooth Paste Powerful To Save the Teeth and Prevent Diseases

"All dressed up with a hole in his shoe," was a bit of sarcasm a girl flung at a young man friend whose outfit was new except his punctured shoes. Right enough, too. Either to man or woman a shabby pair of shoes would spoil the appearance of the most elegant garments ever worn.

What about the teeth? Dress in all the finery you please, if you open your mouth exposing a decayed set of teeth your attractiveness ends right there. That's a hole in the shoe for you. This applies both to men and women. Girls and young men, you lose half the admiration which would be directed toward you if you have bad teeth. You can't be pleasing with a mouthful of decay. You can't be healthy either. The condition of the teeth have a telling influence on other organs of the body. Bad teeth affect the intestines, stomach, heart, and even the eyes. Medical science shows that bad teeth produce unhealthy conditions all over the body.

With Senreco Tooth Paste at your service—scientifically prepared preventive of pyorrhea—there's no need of falling a prey to these ills. No need of having a mouthful of decayed teeth. Used regularly on a set of good teeth the deadly germs have little chance to enter. If they should enter they can't exist long under its thorough cleansing properties. As a cleanser and preventive of disease of the teeth it is positively reliable. Advanced cases should be treated by your dentist.

Use Senreco Tooth Paste as a preventive. Ask your dentist if you should not pay all attention to your teeth. Of course we won't say our Tooth Paste will cure pyorrhea. If you already have it, your dentist is the doctor. Even if you are afflicted with his terrible disease Senreco Tooth Paste will help you to get rid of it, with your dentist's assistance. But we don't want you to contract any ailment of the mouth and teeth, nor does your dentist. A preventive is far better than to have to go through the trials of a cure. Save your teeth by Senreco Tooth Paste and the probability that you won't have to deal with foul and painful diseases. By taking excellent care of your teeth you may save stomach, intestinal, heart and eye troubles. Take all precaution to keep the teeth clean and do it with Senreco Tooth Paste, the latest discovery of dental science. Sample of Senreco free if you wish it. Senreco Tooth Paste, Cincinnati, Ohio.

The Business Woman

Until recently, the business woman was the exception. Now she is everywhere. What with suffrage prevailing in many states and likely to become universal, she is also taking a position in public life never before accorded her sex, so far as history records.

The world war has been responsible for the woman in business, and doubtless has had its effect in bringing about suffrage.

There can be no doubt that, to a large extent, woman is in business to stay. It is up to her to make good, and she can do this if she so wills. To succeed, however, she must of necessity reconstruct her views of life. Not only this, but her education must be radically changed.

Heretofore the day has been educated for a career. He has been trained for the work that he has chosen. His whole life has been built upon and around this career. Not so with the girl, or if so, the careers have been widely different. In every age of the world up to the present, the ultimate object of woman's existence has been marriage and maternity. True there have always been exceptions, but they merely sufficed to emphasize the rule.

Henceforth, however, if woman is to take her place beside man in the business world, this must be wholly changed. She must be educated and trained for business first and matrimony as an alternative. There will, of course, be many positions where she can continue to gain a livelihood while awaiting the important event of matrimony, but if matrimony continues to be her ultimate goal, business will always be a side issue, a secondary consideration, and her success therein will be negligible.

And perhaps, contrary to the age-long contention of lordly man, this business training will not unfit her for that more important vocation of matrimony. It is difficult to see wherein a sound business training can be considered objectionable in a wife and mother.

No Export Wheat for Beer

"Who ever charges that a single grain of wheat exported from this country to England goes into the manufacture of beer or other alcoholic beverages, convicts himself or herself at once either of ignorance, where all the facts are readily available, or of misrepresentation that amounts to a very little short of treason."

Dr. Harry E. Barnard, federal food administrator for Indiana, thus characterized the public speakers who during the past few weeks have sought to interfere with the food administration's program, by asserting that the wheat saved by short rations in the United States is sent to England for the purpose of making beer.

Certainly the men and women who have given voice to this falsehood have little conception of the tragic need for wheat and wheat products in Europe. When we hear from responsible, trustworthy sources that women and children in France and Belgium are actually dying of starvation and that wheat and wheat only can save them, does anyone imagine that wheat exports can be diverted to England or to any other place and manufactured into beer.

Dr. Barnard denies the assertion that the federal food administration has consigned a single grain of wheat to any point on earth where

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 30c and 25c a box. All druggists.

there did not exist the most heart-rending want, where the demands were not so insistent that further delay would mean certain death. It is a disgraceful reflection upon our intelligence and our patriotism that these irresponsible people should be given audience. They are in a class with alien enemies who deserve to be interned for the period of the war.

If Secretary Baker had had any idea he would ever want to run for office, he should not have permitted the report to get past the censor that he hid in a wine cellar in France during an aerial bombardment. At least he should have had creditable witnesses to smell his breath when he emerged.

Now that Lenin and Trotsky have succeeded in demobilizing and demoralizing the Russian armies, they are wildly calling upon the Russian people to "defend the revolution." Seems to us we recall reports of a people who were forced to "make bricks without straw."

This paper wishes it understood that it welcomes spring poetry, and can not secure too much of it. We intend to start in time to lay in our winter fuel.

Amusements

Last "Hidden Hand" Picture

All the mysteries of "The Hidden Hand" are revealed today when the last episode is shown at the Gem Theatre. Who is the girl of the prophecy? You will know after you have seen this picture. "Lonesome Lake," will be seen in a rip roaring comedy in two acts entitled, "We Never Sleep." Thursday is Fox Feature day and Virginia Lee Corbin, one of the Fox babies, will be seen in a magnificent six reel production of the well known story, "Babes in the Woods." A fast comedy episode presenting "Matt and Jeff" in "The Freight Investigation" will also be shown.

Mae Marsh at Princess

The story of a girl who has everything she wants except the man she loves, is the one in which Mae Marsh will be seen at the Princess Theatre today. "The Cinderella Man" is a story of rare charm and the leading role is well suited to Miss Marsh's personality. Thursday, Earle Williams will be seen in a clever drama "In the Balance." Friday, Marguerite Clark, the ever popular movie star, will appear in "Seven Swans."

ASKS FOR A DIVORCE AND \$1,500 ALIMONY

Nellie Cupp Brings Suit Against
Frank Cupp, Alleging Visits
Paid Greensburg Woman

ASKS CUSTODY OF CHILDREN

Nellie Cupp has filed suit in the circuit court against Frank L. Cupp for a divorce, custody of their three children and \$1,500 alimony. She alleges that Cupp has personal property valued at \$4,000. She also demands \$100 attorneys fees.

The complaint says that Cupp called his wife vile names and otherwise treated her cruelly and inhumanly. Mrs. Cupp alleges her husband has been guilty of visiting the home of Mollie Perkins of Greensburg, to the mortification and humiliation of the plaintiff. The complaint sets forth Cupp has advised his wife to go to the Perkins woman and have her clothes made properly and at times has taken dress goods to her without the consent of his wife and had them prepared for the children. At frequent times, the complaint says, Cupp has asked his children how they would like to have another mother.

The three children are Clyde, age 14, Abaline, age 13 and Clarence, age 9.

JOINT INSPECTION TO BE HELD TOMORROW

Raleigh, Milroy and Local Masonic
Lodge Will Submit to Annual
Inspection in Masonic Temple

STATE GRAND INSPECTOR

There will be a joint inspection of the Raleigh, Milroy and Phoenix lodges under the supervision of the state grand inspector on Thursday evening, May 2 in the Masonic temple here. The exercises will begin at 1:30 and continue during the afternoon and evening.

The affair will be opened by the conferring of the E. A. degree by the Raleigh lodge, after which the Milroy lodge will confer the F. C. degree. In the evening Phoenix lodge will confer the M. M. degree followed by an informal smoker. Because of the general conservation plans being enforced in regard to banquets, the supper, usually given in connection with the inspection, will be abandoned this year.

Mowing

MOLINE UNIVERSAL TRACTOR

"It Solves the Farm Help Problem"

TWO MILLION MEN will be gone from the farms because of the war—strong, skilled, willing workers, only a small part of whom can be replaced by older men, boys and women. Yet production of food must go on. Production must be increased. There is only one way—equip the men left on the farms so they can do more work than ever before.

With the Moline-Universal—the original two-wheel tractor—*One Man* can farm more land than was ever before possible, because—

One Man has power at his command equal to five horses, capable of doing the work of seven horses, owing to its greater speed and endurance. This power is always available for any farm work.

One Man operates the Moline-Universal Tractor from the seat of the implement to which it is attached, where he must sit in order to do good work.

One Man can start in the spring and go from one operation to another—plowing, harrowing, planting, cultivating, mowing, harvesting grain or corn, spreading manure, filling the silo, cutting wood, etc., doing all farm work from one year's end to another, independently of horses or hired help.

A Compact Unit

All these one-man operations with the Moline-Universal are possible because it is mounted on two wheels, all its weight is traction weight; it is powerful—pulls two 14-inch bottoms easily—yet it is light so that it does not pack the soil. The Moline-Universal attaches direct to the implement, making one compact unit—the tractor forming the front wheels and the implement the rear wheels. *One man con-*

trols the entire outfit from the seat of the implement. It has 31 inches clearance—more than ample for cultivating.

A Woman Can Operate It

One woman or boy operates the Moline-Universal as easily as a man. Miss Ruth Harding of Albion, N. Y., a proud owner of a Moline-Universal, writes: "I have never called a man from his work to assist me with the tractor in any way."

Farmers, everywhere, recognize the Moline-Universal Tractor as the logical tractor, as the best tractor for all conditions, and as the solution of their help and power problems. It fits any size farm.

Thousands Now in Use

Thousands of Moline-Universal Tractors are now at work under every conceivable condition in all parts of the United States and in Canada, England, France, Sweden, Norway, Denmark, Russia, Italy, Spain, Mexico, Peru, Argentina, Brazil, Cuba, Guatemala, South Africa, Australia. Wherever a Moline-Universal Tractor is sold there is immediately a big demand for more.

The Largest Tractor Factory

The demand for Moline-Universal Tractors has far exceeded our expectations. We built an enormous factory which is devoted entirely to making Moline-Universal Tractors and three times have erected large additions to cope with the enormous demand. We now have the largest, best equipped, most thoroughly organized, most skillfully manned tractor factory in the world.

Moline sales and service branches cover the country. No purchaser ever is more than a few hours away from Moline service.

The Moline-Universal will solve your help and power problems. It is ready for you now. Write us today for free booklet giving full description of the Moline-Universal and name of your nearest Moline dealer.

Yarn From Canada Will Be Used Here

Shipment Received at Red Cross Headquarters and Will Be Distributed Among Expert Sock Knitters Thursday. Restrictions Surrounding Its Use Will Be Explained When It Is Given Out.

A shipment of Canadian yarn has been received at the Rush county Red Cross headquarters, to be distributed among the expert sock knitters of the county in preparation for next winter's demands on the relief society which will surpass the demands made during the past winter, many times.

The regulations concerning the distribution of the yarn are most rigid. It cannot be used with domestic yarn or cotton. Articles must be knitted wholly of Canadian yarn, otherwise when they are ready for export the duty which has been paid on this imported yarn will not be remitted.

Yarn from Canada can be imported to this country only upon duty of eighteen percent of its value. Under regulations that have been made, this duty will be remitted when yarn is exported in knitted articles, if these contain no mixture and are knitted wholly according to directions of the Red Cross.

Owing to the fact that different periodicals are printed from time to time, containing knitting instructions officials at the local headquarters are most anxious that knitters securing the Canadian yarn receive full directions concerning the Red Cross rules by which they are to be guided in knitting up the Canadian yarn. There is a marked difference between the instructions which are contained in the magazines and those authorized by the Red Cross and in order that the socks to be knitted out of this foreign made yarn may pass inspection at the Cleveland headquarters, greatest care and attention should be given to the instructions given out at the headquarters.

available sewing to be had they spent the afternoon knitting.

A large number of the Band of Workers of the First Presbyterian church attended the all day meeting today which was held at the country home of Mrs. Charles Dobyns. A delicious pitch-in dinner was served at noon and the members spent the afternoon in sewing for the Red Cross after they had held their usual business meeting.

Mr. and Mrs. A. G. Reeve entertained with an informal dinner last evening at their home in North Harrison street honoring Lieut. Lowell M. Green who is visiting his parents Mr. and Mrs. Thomas Green.

The Rebekah Crochet Club will meet tomorrow afternoon with Mrs. Arnold Orme at her home in West Fifth street. The members are asked to bring their thimbles and come prepared to sew for the Red Cross.

Mrs. George Aultman will entertain the Grand Club Friday afternoon at her home in West First street.

GEORGE B. WALTON FUNERAL

The funeral services for George B. Walton, who died yesterday, will be conducted Friday morning at eleven o'clock at his residence in Indianapolis after which the body will be brought here for burial. The funeral cortege will arrive here at 2:30 in the afternoon and proceed immediately to the East Hill cemetery where burial will be made after services in the church.

Our Personal Interest

Close attention to a given task develops personal interest in its smallest detail—it constantly unfolds new ideas and better methods which gradually but surely makes the worker an expert in his line.

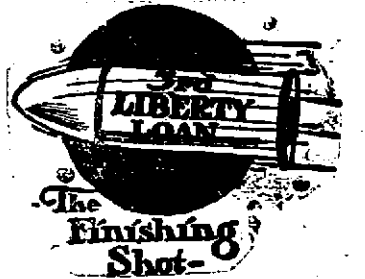

Garments brought to us for cleansing, pressing or repairing are given our close attention. You may feel assured that the work will be done right. No matter what the job is or how small, we can guarantee satisfaction. Rugs and carpets are now being cleaned, scoured, dusted, etc.

We maintain a repair department and can alter your clothing. Let us prove to you that personal interest usually marks the difference between doing a thing right and doing it wrong.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

BUY THRIFT STAMPS

Women Sufferers May Need Swamp-Root

Thousands upon thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble. Don't delay starting treatment.

Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle.

When writing be sure and mention the Rushville Daily Republican. (Adv.)

COUNTY IS FAR BEHIND ITS QUOTA

Continued From Page 1

every person of the state's population. This decision has been reached by the War Savings committee largely because of the fact that the Third Liberty Loan has turned up a number of people who assert their inability to buy Liberty Bonds, even at \$2.00 a week. The War Savings Committee does not intend to allow these persons to go without proving their sincerity.

Indiana has had as yet no statewide intensive campaign for War Savings. The Indiana committee is planning on several of these campaigns during the remainder of the year, and the one in May will be the first to be held. Letters are now being sent to the county chairmen announcing the coming drive, giving the quota of the counties for the drive, and asking the county chairmen to arrange for the Liberty Loan organization to assist in the coming W. S. S. drive, in exchange for the services which the War Savings committees have been lending the various county Liberty Loan committees.

Joseph D. Oliver, the State Director, today again laid emphasis upon the fact there can be no competition between the War Savings stamps and the Liberty Bonds.

"They compare exactly," said he, "to two kinds of policies issued by the same insurance company. They are intended to fit different cases, but they have the same ultimate object in view."

Slacker dollars must sprint some results while the members of the three Boy Scout troops daily find more bond purchasers in the city, and surrounding neighborhood.

The honor flags, indicating a subscription of the allotments, for all of the townships have arrived and in addition to those already installed

in various townships, it is believed that the remainder will merit their liberty flags within forty-eight hours.

EXPECT TO RAISE \$3,000 NEXT WEEK

DISTRICT MEETING IS HELD IN SHELBYVILLE

Rush and Shelby County Lodges Unite in Annual Meeting Tuesday Afternoon and Evening

Several members of the Rebekah lodge of this city attended the district meeting which was held in Shelbyville yesterday afternoon and evening when the lodges of Rush county and Shelby county held a joint district assembly.

The meeting was held in the I. O. O. F. and during the afternoon J. T. Arbuckle of this city, past grand master of the Odd Fellows lodge delivered an address. A number of the state officers were present at both the afternoon and evening session. In the evening the Rebekah degree was exemplified.

Mrs. Lula Lantshaw of Shelbyville, president of the district, presided at the meeting. The feature of the afternoon meeting following the short business session was the address delivered by J. T. Arbuckle. In the evening Miss Harriet Spekenhiser of Richmond, state president, delivered an address.

The fact that the Knights of Columbus buildings in the cantonments in this country, the home just outside of Paris and the huts just back of the trenches are not for the members of this organization alone but for every man in khaki has made the present drive a most popular one which alone insures its overwhelming success.

Stomach Dead Man Still Lives

People who suffer from sour stomach, fermentation of food, distress after eating and indigestion, and seek relief in large chunks of artificial digestors, are killing their stomachs by inaction just as surely as the victim of morphine is deadening and injuring beyond repair every nerve in his body.

What the stomach of every sufferer from indigestion needs is a good prescription that will build up his stomach, put strength, energy and elasticity into it, and make it sturdy enough to digest a hearty meal without artificial aid.

The best prescription for indigestion ever written is sold by druggists everywhere and by Johnson's Drug Store and is rigidly guaranteed to build up the stomach and cure indigestion, or money back.

This prescription is named Mi-on-a, and is sold in small tablet form in large boxes, for only a few cents. Remember the name, Mi-on-a stomach tablets. They never fail.—Adv.
